Technicians will then be dispatched and shall arrive within four hours of the initial call. Fibers at the Customer's facility will be tested and a determination of fiber break/non-performance will be established as specified in the Service Order form. If fibers are determined to be operating at levels less than specified in the Service Order form, technicians will continue to work with the Customer to reestablish Service Order standards. The Customer understands and acknowledges that fiber break/non-performance can be due to an act of nature, which would prohibit Company technicians from accessing fiber for repair until deemed safe by fire, police or other safety officials. In the event fibers are deemed to be operational upon testing in accordance with the standards set forth on the Service Order form, the Customer will be permitted an allowance of one call free of charge during the Lease Term. Additional calls which result in fiber testing as specified in the Service Order will be charged to the Customer at the rate of \$3,500.00 per call. In the event of an Outage, Customer shall be entitled to a credit (the 'Outage Credit') which shall be calculated as set forth below. An Outage shall be deemed to have commenced upon verifiable notification thereof by Customer to ZenFi Networks, LLC, or, when indicated by network control information actually known to ZenFi Networks, LLC network personnel, whichever is earlier. Each Outage shall be deemed to terminate upon restoration

of the affected Service(s) as evidenced by appropriate network tests by ZenFi Networks, LLC. ZenFi Networks, LLC shall give reasonable notice to Customer of any scheduled maintenance, and Customer acknowledges and agrees that any such scheduled maintenance shall under no circumstance be deemed as an Outage hereunder.

Interruptions over 24 hours will be credited 1/8 day for each 3-hour period or fraction thereof. No more than one full day's credit will be allowed for any 24-hour period.

- 13.3 Outage Credits shall not be granted if the Outage is due to a problem or defect in Customer's facilities or equipment, or its agents' or contractors' facilities or equipment, nor shall Outage Credits be granted if an Outage is caused by Customer, its employees, agents or contractors.
- 13.4 Except as otherwise provided in the Service Order, all Outage Credits shall be credited on the next monthly invoice for the affected Service(s) or portion thereof after receipt of Customer's request for credit. In no event shall the total of all Outage Credits applicable to or accruing in any given month exceed the amount payable by Customer to ZenFi Networks, LLC for such monthly Service(s).
- 13.5 The Outage Credit described in this Section shall be the sole and exclusive remedy of Customer in the event of any Outage. Under no circumstance shall an Outage be deemed an Event of Default under this Tariff or a Service Order.

- 13.6 If an Outage continues for a consecutive period of thirty (30) days or more, following notice to the Company, Customer may, upon ten (10) days written notice, elect to terminate the affected Service(s) or portion thereof under the applicable Service Order without further liability to either Party, except for charges incurred by Customer prior to termination, provided that the Outage is not cured within such ten (10) day period.
- 13.7 THE WARRANTIES CONTAINED IN THIS TARIFF ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, COMPLETENESS, QUALITY OR FITNESS FOR A PARTICULAR PURPOSE. THE COMPANY HEREBY SPECIFICALLY DISCLAIMS ANY LIABILITY TO CUSTOMER FOR INTERRUPTIONS AFFECTING THE SERVICE(S) OR FACILITIES FURNISHED UNDER THIS TARIFF THAT ARE ATTRIBUTABLE TO CUSTOMER'S INTERCONNECTION FACILITIES (AS DEFINED IN THE APPLICABLE SERVICE ORDER), CUSTOMER'S EQUIPMENT FAILURES, CUSTOMER'S BREACH OF THIS TARIFF, OR TO CUSTOMER'S CUSTOMERS, SUBCONTRACTORS OR VENDORS, OR ANY THIRD PARTY'S ACTS OR OMISSIONS.
- 13.8 IN NO EVENT WILL ZENFI NETWORKS, LLC OR ANY OF ITS OFFICERS, DIRECTORS, EMPLOYEES, PARTNERS, INVESTORS, PARENTS, SUBSIDIARIES OR AFFILIATES BE LIABLE TO THE CUSTOMER OR ANY OF ITS OFFICERS, DIRECTORS, EMPLOYEES, PARENTS, SUBSIDIARY OR AFFILIATES, CUSTOMERS OR TO ANY THIRD PARTY FOR: (a) ANY LOSS OF PROFIT OR REVENUE, OR FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, PUNITIVE OR SIMILAR OR ADDITIONAL DAMAGES, WHETHER INCURRED OR SUFFERED AS A RESULT OF UNAVAILABILITY OF SERVICE(S) OR FACILITIES, PERFORMANCE, NON-PERFORMANCE, TERMINATION, BREACH, OR OTHER ACTION OR INACTION UNDER THIS TARIFF, OR FOR ANY OTHER REASON, EVEN IF CUSTOMER ADVISES COMPANY OF THE POSSIBILITY OF SUCH LOSS OR DAMAGE; OR (b) FOR ANY OUTAGE OR INCORRECT OR DEFECTIVE TRANSMISSIONS, OR ANY DIRECT OR INDIRECT CONSEQUENCES THEREOF, EXCEPT AS SPECIFICALLY PROVIDED IN THIS SECTION WITH REGARD TO OUTAGE CREDITS.
- 13.9 NOTWITHSTANDING ANYTHING IN THIS TARIFF TO THE CONTRARY: (a) CUSTOMER AGREES THAT ITS SOLE REMEDY IN THE EVENT OF ANY BREACH OF THE WARRANTIES DESCRIBED IN THIS TARIFF WILL BE THE OUTAGE CREDITS IN THIS TARIFF AND, (b) IN NO

EVENT WILL THE CUMULATIVE LIABILITY OF THE COMPANY UNDER A SERVICE ORDER, INCLUDING ANY OUTAGE CREDITS, EXCEED THE TOTAL PAYMENTS PAID BY CUSTOMER TO ZENFI NETWORKS, LLC UNDER THE APPLICABLE SERVICE ORDER.

- 13.10 CUSTOMER UNDERSTANDS AND ACKNOWLEDGES THAT ZENFI NETWORKS, LLC WILL NOT BE LIABLE TO THE CUSTOMER OR ANY THIRD PARTY FOR: (a) ANY ACT OR OMISSION OF THE CUSTOMER, ITS CONTRACTORS, EMPLOYEES OR AGENTS (INCLUDING DELAYS FOR FAILURE TO OBTAIN CUSTOMER APPROVALS), ITS CUSTOMERS OR ANY CARRIER OTHER THAN ZENFI NETWORKS, LLC; (b) ANY CLAIMS OR ACTIONS RELATED TO DEFAMATION, COPYRIGHT OR TRADEMARK INFRINGEMENT, OR THE VIOLATION OF ANY THIRD PARTY RIGHTS, ARISING FROM USE OF THE SERVICE(S) OR FACILITIES; (c) INFRINGEMENT OF PATENTS ARISING FROM COMBINING OR USING CUSTOMER-PROVIDED FACILITIES WITH ZENFI NETWORKS, LLC'S SERVICE(S) OR FACILITIES WHERE ZENFI NETWORKS, LLC'S SERVICE(S) OR FACILITIES WOULD POSE NO INFRINGEMENT IN THE ABSENCE OF SUCH COMBINATION OR USE; OR (d) ANY UNAUTHORIZED USE OF THE SERVICE(S) OR FACILITIES. THE CUSTOMER AGREES TO INDEMNIFY AND HOLD ZENFI NETWORKS, LLC HARMLESS FROM ANY AND ALL COSTS, EXPENSES AND OR LIABILITY, INCLUDING LEGAL FEES, ARISING FROM ANY CLAIM, INCIDENT, OR LAWSUIT, THREATENED OR PURSUED, IN CONNECTION WITH CUSTOMER'S USE OF THE SERVICE(S) PROVIDED BY ZENFI NETWORKS, LLC.
- 13.11 The provisions of this Section shall survive the expiration or termination of the term of any Service Order.
- 13.12 Company may disconnect Service(s) for non-payment, in accordance with the terms hereof, of the Customer's bill, provided that the Company has complied with any applicable NYPSC regulations regarding disconnection of service. Service shall be restored when the conditions under which Service(s) were disconnected are corrected and upon payment of all proper charges due from the Customer as provided in this Tariff or the applicable Service Order. The Customer may restore service by full payment in any reasonable manner, including by certified check. However, the Company may refuse to accept a personal check if a Customer's check for payment of service has been dishonored, except for reasons due to bank error, within the last twelve months. There shall be a three thousand dollar (\$3,000.00) charge for restoration of service after

disconnection; if, however, the equipment necessary for service has been removed, a full installation/connection fee will apply.

The Company reserves the right to refuse to re-establish service to the Customer if service was disconnected due to reasons of fraud, tampering with equipment, violations of rules and regulations, or similar reasons.

13.13 Notwithstanding any other provision of this Tariff, credit allowances for interruptions of service caused by or attributable to Unbundled Network Element Loops shall be limited to the allowance provided by the underlying LEC. The Company will pass through only such allowance as Company actually receives to Customer.

- 14.1 The Company shall have the right to make necessary repairs or changes to its facilities at any time and will have the right to suspend or interrupt Service(s) temporarily for the purpose of making the necessary repairs or changes to its system. When such suspension or interruption of Service(s) for any appreciable period is necessary, the Company will give the Customers who may be affected reasonable notice thereof as circumstances will permit, and will prosecute the work with reasonable diligence, and, if practicable, at times that will cause the least inconvenience.
- 14.2 When the Company is repairing or changing its facilities, it shall take appropriate precautions to avoid unnecessary interruptions of Customers' Service(s).
- 14.3 The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations.

15.0 Service Connections and Facilities on Customer's Premises

- 15.1 Service(s) furnished by the Company may be interconnected with Service(s) or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by the carrier. Service(s) furnished by the Company is not part of a joint undertaking with such carriers.
- 15.2 Interconnection with the facilities or Service(s) of other carriers shall be under the applicable terms and conditions of the other carrier's tariffs. Customer is responsible for taking all necessary legal steps for interconnecting its Customer-provided terminal equipment or communications systems with the other carrier's facilities. Customer shall secure all licenses, permits, rights-of-way, building entrance agreements, co-location rights and other arrangements necessary for such interconnection.

15.3 The Company's facilities and Service(s) may be used with or terminated in Customer-provided terminal equipment or communications systems. Such terminal equipment shall be furnished and maintained at the expense of Customer, except as otherwise provided. Customer is responsible for all costs at its premises, including but not limited to personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry.

16.0 Limitations of Service

16.1 Service(s) is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this Tariff. The Company may decline applications for Service(s) to or from a location where the necessary facilities or equipment are not available. The Company may discontinue furnishing service in accordance with the terms of this Tariff, the Service Order or NYPSC regulations.

16.2 The Company reserves the right to discontinue or limit Service(s) when necessitated by conditions beyond its control (examples of these conditions are more fully set forth elsewhere in this Tariff), or when Service(s) is used in violation of provisions of this Tariff, the law or a Service Order.

16.3 The Company does not undertake to transmit messages, but offers the use of its Service(s) when available, and, as more fully set forth elsewhere in this Tariff, shall not be liable for errors in transmission or for failure to establish connections.

16.4 The Company reserves the right to discontinue Service(s), limit Service(s), or to impose requirements as required to meet changing regulatory or statutory rules and standards, or when such rules and standards have a material adverse effect on the business or economic feasibility of providing Service(s), as determined by the Company in its reasonable judgment.

16.5 The Company reserves the right to refuse an application for service made by a present or former Customer who is indebted to the Company for Service(s) previously rendered pursuant to this Tariff or a Service Order until the indebtedness is satisfied.

17.0 Service(s) and Targeted Completion Date

17.1 ZenFi Networks, LLC shall use its commercially reasonable efforts to provide during the Term the Service(s) identified in a Service Order, in accordance with the terms thereof, which may include but are not limited to Dark Fiber, dedicated

leased lines and/or circuits and/or capacity, managed network Service(s), point to point dark fiber and ancillary Service(s), pursuant to the terms and conditions set forth herein or in a Service Order.

- 17.2 Service(s) shall be ordered on ZenFi Networks, LLC's standard Service Order form and shall include, at a minimum, the charges, a Targeted Completion Date and any additional terms and conditions required to deliver the Service(s).
- 17.3 Customer shall have the right to use the Service(s) during the Term for any lawful purpose, consistent with the terms and conditions set forth in this Tariff and any applicable Service Order(s) and Exhibits.
- 17.4 Notwithstanding the delivery of the Service(s), Company retains exclusive legal title to the Service(s) and the rights to use, control, operate and maintain the Company's network for Customer's use during the Term.
- 17.5 Notwithstanding the delivery of the Customer Fibers for Customer's use during the Service Order Term, ZenFi Networks, LLC retains the exclusive legal title to the Customer Fibers and the rights to use, control, operate and maintain the ZenFi Networks, LLC Network. ZenFi Networks, LLC shall also retain and have the exclusive right and obligation to establish, administer and maintain any applicable rights-of-way agreements in accordance with their terms.
- 17.6 Customer shall have the exclusive right to use the Customer Fibers solely for its own use during the Term for any lawful purpose, consistent with the terms and conditions set forth in this Tariff, any applicable Service Order, and any applicable Customer Approvals or Required Rights.
- 17.7 ZenFi Networks, LLC shall not be responsible for any delay or failure to deliver the Customer Fibers under any Service Order or the provision of the Service(s) thereunder due to Customer's failure to obtain Customer Approvals or otherwise comply with the provisions of this Tariff or any applicable Service Order.
- 17.8 This Tariff, together with an executed Service Order, shall govern the provision of Service(s) by ZenFi Networks, LLC
- 17.9 Customer shall obtain, at its sole cost and expense, all necessary Customer Approvals required to deliver to a fiber distribution panel, pull box or splice point or other termination point as agreed by the Parties and set forth in the Service Order, to the Customer demarcation point.
- 17.10 ZenFi Networks, LLC will use its reasonable commercial efforts to deliver the Service on or before the Targeted Completion Date(s) but the failure to deliver the

Service(s) by such date shall not be an Event of Default under this Tariff or a Service Order. The Targeted Completion Date(s) shall be extended for the appropriate period as may be necessary as a result of events of Force Majeure or any acts, omissions or delays by Customer, its employees, agents, or contractors, including but not limited to, delays in obtaining any necessary Customer Approvals.

- 17.11 Absent events of Force Majeure, events of Termination in accordance with Section 19 or an Event of Default pursuant to Section 19 or delays attributable to Customer, its employees, agents, servants or contractors, if ZenFi Networks, LLC fails to deliver the Service(s) on or before one hundred eighty (180) days after the Targeted Completion Date(s) set forth in a particular Service Order, Customer shall have the right, in Customer's sole discretion and as its sole and exclusive remedy, to terminate the Service Order in writing and such termination shall be Customer's sole remedy hereunder, with neither party having any obligation under such Service Order.

18.0 Term of Service Orders

- 18.1 The Term of any Service Order shall be effective between the Parties as of the Service Commencement Date and shall remain in effect until the expiration or earlier termination of any applicable Service Order, unless earlier terminated by either Party in accordance with the terms of the Service Order or this Tariff.
- 18.2 The initial term of a Service Order shall be set forth therein (the "Initial Service Order Term"). Unless otherwise set forth in the Service Order, upon the expiration of the Initial Service Order Term, provided Customer is not in default, the Service Order will automatically be extended for a term equal to the length of the Initial Service Order Term with the rate being increased by 6% annually thereafter (the "Renewal Service Order Term"), unless Customer or ZenFi Networks, LLC notifies the other Party in writing of its intent to not renew the Service Order at least ninety (90) days before expiration of the Initial Service Order Term. The Initial Service Order Term and the Renewal Service Order Term are referred to hereafter as the "Service Order Term."
- 18.3 The term for any Service Order and the Service Order Term are referred to as the "Term."

19.0 Termination Rights

- 19.1 If the Federal Communications Commission, a state or Public Utility or Service Commission, or a court of competent jurisdiction or other governmental entity issues a rule, regulation, law or order that has the effect of canceling, changing or superseding any term or provision of this Tariff (collectively, “Regulatory Requirement”), then this Tariff will be deemed modified to the extent necessary to comply with the Regulatory Requirement, unless such Regulatory Requirement adversely and materially affects a Party’s rights or obligations under this Tariff. In the event of an adverse and material change, the Parties agree to negotiate in good faith a mutually agreeable modification consistent with such Regulatory Requirement. If the Parties cannot agree to such modification within thirty (30) days after the Regulatory Requirement is effective, then upon written notice, either Party may, to the extent practicable, terminate that portion of a Service Order impacted by the Regulatory Requirement. For purposes of this Section, any Regulatory Requirement that results in substantial increased costs to provide the Service(s) shall be deemed to have an adverse and material effect.
- 19.2 Notwithstanding anything contained in this Tariff or any Service Order to the contrary, ZenFi Networks, LLC shall have the right to immediately suspend and/or terminate any or all Service(s) provided hereunder without notice to Customer if Customer uses or permits the use of the Service(s) for any unlawful purpose or in any unlawful manner, in a manner that threatens any person, or in a manner that interferes with or threatens the integrity of ZenFi Networks, LLC’s telecommunications network or the networks of any third parties.
- 19.3 Customer may terminate any Service Order prior to the expiration of the applicable Service Order Term. However, the Parties acknowledge that this Tariff and the prices set forth in the Service Order(s) are based on the provision of Service(s) for the entire Service Order Term. Accordingly, in the event Customer terminates a Service Order prior to expiration of the applicable Service Order Term for any reason except ZenFi Networks, LLC’s breach of a material term of the Tariff or Service Order which is not cured within thirty (30) days of Customer’s written notice of such breach, Customer agrees to pay to ZenFi Networks, LLC an Early Termination Fee equal to the remaining amount due under the Service Order through its full Term, payable in full within thirty (30) days of such termination, with interest to accrue at 1.5% monthly thereafter.
- 19.4 Either Party (the “Non-Defaulting Party”) may terminate a Service Order, by written notice to the other Party (the “Defaulting Party”), immediately upon the Defaulting Party’s receipt of such notice or such later date as specified in the notice, in any one of the following circumstances (each an “Event of Default”),

and may seek any other legal remedies it may have under applicable law or principles of equity relating to such Event of Default, which other remedies shall be in addition to the right of termination provided herein.

The following shall constitute Events of Default:

- A. if a Defaulting Party fails to comply with any of the material terms and conditions of this Tariff or a Service Order, including any payment obligations; provided, however, that except for a failure to pay monies when due hereunder, a Party shall not be in default under any Service Order unless and until the Non-Defaulting Party provides the Defaulting Party written notice of such default and the Defaulting Party shall have failed to cure the same within thirty (30) days after receipt of such notice or such longer period as the Non-Defaulting Party may authorize in writing (the "Cure Period"); provided, further, that where such default cannot reasonably be cured within such Cure Period, the Cure Period shall automatically be extended for such period of time as may be required to complete such curing, provided that the Defaulting Party proceeds promptly to use reasonable commercial efforts to cure the default with due diligence and provides written progress reports to the Non-Defaulting Party during any extension of the Cure Period. Any Event of Default may be waived at the Non-Defaulting Party's option. Upon the failure of the Defaulting Party to timely cure any such default within the Cure Period, the Non-Defaulting Party may pursue any legal remedies it may have under applicable law or principles of equity relating to such breach. Notwithstanding anything to the contrary in this Section or the Tariff generally, the Cure Period applicable to a failure to pay monies when due under any Service Order shall be ten (10) days; or
- B. if a Defaulting Party (i) commences a voluntary case or other proceeding seeking liquidation, reorganization, or other relief with respect to itself or its debts under any bankruptcy, insolvency, or other similar law, now or hereafter in effect, or (ii) seeks the appointment of a trustee, receiver, liquidator, custodian, or other similar official of it or any substantial part of its property, or (iii) consents to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or (iv) makes a general assignment for the benefit of creditors, or (v) generally fails to pay its debts as they become due, or (vi) takes any corporate action to authorize any of the foregoing; or

- C. if an involuntary case or other proceeding is commenced against the Defaulting Party seeking liquidation, reorganization or other relief with respect to it or its debt under any bankruptcy, insolvency, or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, and such involuntary proceeding shall remain un-dismissed and un-stayed for a period of 60 days; or an order for relief is entered against the Defaulting Party.
 - D. In the event of a bankruptcy, liquidation, reorganization, receivership or any other relief being sought under any bankruptcy, insolvency or other similar law or similar type of proceeding, the terms of this Tariff hereto shall remain in full force and effect between the parties and shall survive such proceeding, as all parties recognize the impact of such proceeding upon the Customer's business operations and practices. Thus, in the event of such proceeding, the Customer shall be entitled to obtain an Order For Specific Performance of the Tariff and it shall be accepted as an executory Contract by any Trustee in any such proceeding, including bankruptcy, receivership, reorganization or liquidation proceedings.
- 19.5 A waiver by a Non-Defaulting Party with respect to any particular Event of Default shall not be deemed a waiver of any other or subsequent Event of Default.
- 19.6 Notwithstanding the foregoing, delays caused by Force Majeure events pursuant to Section 23 (other than delays in connection with the payment of monies due) shall not constitute an Event of Default or provide a basis for termination under this Section 19.
- 19.7 In the event an applicable Service Order is terminated, Customer shall have no further right to use the Service(s), the Equipment, or the Customer Fiber and all lease and/or contractual rights under the Service Order are terminated. If applicable, Customer shall within thirty (30) days remove all Customer equipment without damaging ZenFi Networks, LLC Facilities. If Customer has not removed its equipment within such thirty (30) day period, ZenFi Networks, LLC shall have the right, but not the obligation, to remove the Customer equipment. ZenFi Networks, LLC retains the right to remove all Customer equipment and fiber in the facility upon termination. Customer shall permit ZenFi Networks, LLC access to all the necessary facilities to disconnect Service upon termination. Any costs incurred by ZenFi Networks, LLC in removing the Customer equipment shall be reimbursed by Customer within thirty (30) days after receipt of ZenFi Networks, LLC's invoice therefor. The foregoing remedy is in addition to any

other remedy that may be available to ZenFi Networks, LLC under this Tariff, the applicable Service Order, at law or in equity. Nothing in this Tariff shall be construed or implied to authorize Customer to remove any equipment or other facilities belonging to ZenFi Networks, LLC.

- 19.8 Upon any material breach not cured after the expiration of all applicable notice and cure periods as set forth in Section 19.4(a), if any, the Non-Defaulting Party may at its sole option do any one or more of the following: (a) cease accepting or processing Service Orders and suspend any or all Service(s); (b) draw on any letter of credit, security deposit or other assurance of payment and enforce any security interest provided by the Defaulting Party; (c) terminate any Service(s) without further liability; (d) collect from the Defaulting Party an amount equal to any Early Termination Fee as set forth in this Tariff or an applicable Service Order; or (e) pursue any other legal or equitable remedy or relief as may be appropriate, including but not limited to recovery of legal costs and other expenses.

20.0 Indemnification

- 20.1 To the fullest extent permitted by law, ZenFi Networks, LLC shall indemnify Customer and save it harmless from and against any and all causes of action, claims, actions, suits, charges, damages, liabilities, costs, taxes, penalties, interest, expenses, and losses in connection with personal and/or bodily injury or death of any person whomsoever (including employees of the Parties), or damage to any property, real and personal, including environmental damages, of the other Party (whether owned, leased or licensed), including all reasonable legal expenses incurred or sustained in enforcing this indemnification, caused by the willful or grossly negligent actions or willful or grossly negligent failure to act of ZenFi Networks, LLC, its agents, contractors, employees and servants, in connection with the provision of Service under this Tariff or any Service Order.
- 20.2 To the fullest extent permitted by law and subject to the limitations set forth in Section 20, Customer shall indemnify ZenFi Networks, LLC and save it harmless from and against any and all causes of action, claims, actions, suits, charges, damages, liabilities, costs, taxes, penalties, interest, expenses, and losses in connection with personal and/or bodily injury or death of any person whomsoever (including employees of the Parties), or damage to any property, real and personal, including environmental damages, of the other Party (whether owned, leased or licensed), including all reasonable legal expenses incurred or sustained in enforcing this indemnification, caused by the willful or negligent actions or willful or negligent failure to act of Customer, its agents, contractors, employees and servants, in connection with the use of the Service(s) or Equipment or

Customer Fiber or any lease or contract right provided under this Tariff or any Service Order.

- 20.3 The indemnified Party shall have the right to defense, by counsel of the indemnitor's selection reasonably satisfactory to the indemnitee, with respect to any claims for which the indemnitor may be liable under the indemnification provisions hereof. The Parties shall give each other prompt notice of any asserted claims or actions that may be subject to an indemnity hereunder, shall cooperate with each other in the defense of any such claims or actions and shall not settle any such claims or actions without the prior consent of the indemnifying Party, which consent shall not be unreasonably withheld.
- 20.4 For purposes of this Section, ZenFi Networks, LLC agrees to look first at general commercial liability and excess or umbrella liability policies for recovery and agrees to maintain such policies in minimum coverage amounts of \$1 Million and \$2 Million, respectively, throughout the Term of Service Orders.
- 20.5 The obligations of the respective Parties under the above provisions of this Section shall survive the expiration or termination of Service Orders executed by the Company.

21.0 Insurance

- 21.1 ZenFi Networks, LLC, during the Term of any Service Order, shall obtain and maintain insurance reasonably sufficient to meet its obligations under this Tariff and such Service Order.

At such times that ZenFi Networks, LLC is ready to test the Service(s), ZenFi Networks, LLC shall provide Customer five (5) days written notice that it is scheduling the testing. Customer shall be entitled to observe such testing; provided, however, that ZenFi Networks, LLC shall not be required to delay such testing in order for Customer to attend. Upon completion of said testing, if ZenFi Networks, LLC believes that the Service is ready for delivery, ZenFi Networks, LLC shall provide notice thereof to Customer by delivering a written certificate (a "Completion Certificate") which shall include:

- 27.4 In the event Customer issues a Rejection Notice, ZenFi Networks, LLC shall take all commercially reasonable steps, at ZenFi Networks, LLC's sole expense, to rectify any such properly identified deficiency and re-test the Customer Fibers. Once ZenFi Networks, LLC believes the items specified in the Rejection Notice have been rectified and that the Service(s) is ready for acceptance, it shall provide Customer with another Completion Certificate and the procedure set forth in this

Section 27 shall be repeated until the Service(s) is ready for acceptance. In the event the Parties cannot agree as to the propriety of the rejection, it shall be subject to an independent check by a third party and the prevailing party shall be entitled to recoup its fees for such testing from the third party.

- 27.5 If Customer does not provide a Rejection Notice prior to the expiration of the Inspection Period, an Acceptance Notice shall be deemed to have been issued as of the date of the expiration of such Inspection Period.
- 27.6 Upon issuance of an Acceptance Notice (or the date such notice is deemed to have been issued as provided in Section 27.5) the Service(s) shall be deemed delivered to and accepted by Customer without any further act or document and the fees and charges for the lease of the Customer Fibers shall commence (the "Acceptance Date").

Nothing contained in this Tariff or any applicable Service Order(s) shall be deemed to constitute a consent of ZenFi Networks, LLC to subject the ZenFi Networks, LLC Facilities or Customer Fibers to liability under any mechanics' or other lien law. If Customer receives notice that a lien has been or is about to be filed against the ZenFi Networks, LLC Facilities or Customer Fibers, or any action affecting title to the ZenFi Networks, LLC Facilities or Customer Fibers has been commenced on account of work done by or on behalf of Customer, or materials furnished to or for Customer by such lienors, Customer will immediately give ZenFi Networks, LLC notice of such occurrence, and if the lien is not removed within a reasonable time, as determined in ZenFi Networks, LLC's sole discretion, the same will constitute a material default by Customer under this Tariff.

29.0 Characterization of Rent for United States Federal Income Tax Purposes; Reporting.

30.0 Emergency/ Crisis/ Disaster Restoration And Provisioning - Telecommunications Service Priority

30.1 General

A. The Telecommunications Service Priority (TSP) Program is a federal program used to identify and prioritize telecommunications services that support national security or emergency preparedness (NS/EP) missions.

NS/EP services are defined as those telecommunications services which are used to maintain a state of readiness or respond to and manage any event or crisis which causes or could cause injury or harm to the population, damage or loss to property, or degrades or threatens the NS/EP posture of the United States.

TSP restoration and/or provisioning shall be provided in accordance with Part 64, Appendix A of the Federal Communications Commission's Rules and Regulations (47 C.F.R.), and the "Service Vendor Handbook For The Telecommunications Service Priority (TSP) Program" and the "Service User Manual for the Telecommunications Service Priority (TSP) System" (NCS Manual 3-1-1) (Service User Manual) issued and updated as necessary by the Office of Priority Telecommunications (OPT) of the National Communications System. Any changes to or reissuance of these regulations or manuals supersede tariff language contained herein.

B. The TSP program has two components, restoration and provisioning.

1. A restoration priority is applied to new or existing telecommunications services to ensure restoration before any other

services during a Service Outage. TSP restoration priorities must be requested and assigned before a Service Outage occurs.

2. A provisioning priority is obtained to facilitate priority installation of new telecommunications services during a Service Outage. Provisioning on a priority basis becomes necessary when an end-user has an urgent requirement for a new NS/EP service that must be installed immediately or by a specific due date that can be met only by a shorter than standard or expedited Company provisioning time frame. As a matter of general practice, existing TSP services will be restored before provisioning new TSP services.

30.2 TSP Request Process – Restoration

To request a TSP restoration priority assignment, a prospective TSP user must:

- A. determine that the user’s telecommunications service supports an NS/EP function under one of the following four TSP categories.
 1. National Security Leadership
 2. National Security Posture and U.S. Population Attack Warning
 3. Public Health, Safety, and Maintenance of Law and Order
 4. Public Welfare and Maintenance of National Economic Posture
- B. Identify the priority level to be requested for the telecommunications service. The priority level is determined by the end-user’s TSP category and service profile. The service profile defines the user’s level of support to the portion of the telecommunications service that the user owns and operates, such as customer premises equipment or wiring. The five levels of priority and seven element groups that define the service profile are contained in the Service User Manual.
- C. Complete the TSP Request for Service Users form (SF 315) available on the National Communications System (NCS) website (<http://tsp.ncs.gov/>).
- D. For non-federal users, have their TSP requests approved by a federal agency sponsor. Non-federal users should contact the OPT, at the NCS

website (<http://tsp.ncs.gov/>), for information on identifying a sponsor for TSP requests.

- E. Submit the SF 315 to the OPT.
- F. Upon receipt of the TSP Authorization Code from the OPT, notify the Company, and include the TSP Authorization Code in any service order to the Company requesting restoration of NS/EP services.

30.3 TSP Request Process – Provisioning

To request a TSP provisioning priority assignment, a prospective TSP user must follow the same steps listed in 30.2(a) through (f) above for restoration priority assignment except for the following differences. The user should:

- A. Certify that its telecommunications service is an Emergency service. Emergency services are those that support one of the NS/EP functions listed in 30.2(a) above and are so critical that they must be provisioned at the earliest possible time, without regard to cost to the user.
- B. Verify that the Company cannot meet the service due date without a TSP assignment.
- C. Obtain approval from the end-user's invocation official to request a provisioning priority. Invocation officials are designated individuals with the authority to request TSP provisioning for a telecommunications service, and include the head or director of a federal agency, commander of a unified/specified military command, chief of a military service, commander of a major military command, or state governor.

30.4 Responsibilities of the End-User

End-users or entities acting on their behalf must perform the following:

- A. Identify telecommunications services requiring priority.
- B. Request, justify, and revalidate all priority level assignments. Revalidation must be completed every 2 years, and must be done before expiration of the end-user's TSP Authorization Code(s).
- C. Accept TSP services by the service due dates.

- D. Have Customer Premises Equipment (CPE) and Customer Premises Wiring (CPW) available by the requested service due date and ensure (through contractual means or otherwise) priority treatment for CPE and CPW necessary for end-to-end service continuity.
- E. Pay the Company any authorized costs associated with priority services.
- F. Report to the Company any failed or unusable services with priority levels.
- G. Designate a 24-hour point of contact for each TSP request and apprise the OPT.
- H. Cooperate with the OPT during reconciliation (comparison of NS/EP service information and resolution of any identified discrepancies) and revalidation.

30.5 Responsibilities of the Company

The Company will perform the following:

- A. Provide TSP service only after receipt of a TSP authorization code.
- B. Revoke TSP services at the direction of the end-user or OPT.
- C. Ensure that TSP Program priorities supersede any other telecommunications priority that may be provided (other than control services and order wires).
- D. Designate a 24-hour point of contact to receive reports of TSP Service Outages from TSP service users.
- E. Designate a 24-hour point of contact to coordinate TSP processes with the OPT.
- F. Confirm completion of TSP service order activity to the OPT.
- G. Participate in reconciliation of TSP information at the request of the OPT.
- H. Ensure that all subcontractors complete reconciliation of TSP information with the service vendor.

- I. Ensure that other carriers supplying underlying facilities are provided information necessary to implement priority treatment of facilities that support NS/EP services.
- J. Assist in ensuring that priority level assignments of NS/EP services are accurately identified “end-to-end” by providing to subcontractors and interconnecting carriers the restoration priority level assigned to a service.
- K. Disclose content of the NS/EP TSP database only as may be required by law.
- L. Comply with regulations and procedures supplemental to and consistent with guidelines issued by the OPT.

30.6 Preemption

When spare facilities are not available, it may be necessary for the Company to preempt the facilities required to provision or restore a TSP service. When preemption is necessary, non-TSP services may be preempted based on the Company’s best judgment. If no suitable spare or non-TSP services are available, the Company may preempt an existing TSP service to restore a TSP service with a higher restoration priority assignment. When preemption is necessary, prior consent of the service user whose service will be preempted is not required; however, the Company will make every reasonable effort to notify the preempted customer of the action to be taken.
